

## **Dog bites off boy's lip**

An 8-year-old boy was treated at Lake Region Hospital Saturday after he was attacked by a golden lab that bit off the boy's upper lip.

The Otter Tail County Sheriff's Department said the attack happened around 6 p.m. at a home on 14754 County Highway 81 in rural Clitherall.

The department said the attack was unprovoked and the dog is being quarantined by its owner for 10 days to see if signs of rabies emerge.
