**DAYTON** | An 8-year-old boy was badly bitten by two large dogs owned by his family Thursday and his father was severely injured trying to rush home by motorcycle from Columbus, Dayton police said.

The dogs, Cane Corsos that weigh about 180 pounds each, became agitated after the boy's mother gave him a spanking, Lt. John Bardun said.

The boy was taken to Children's Medical Center, where he was reported to be in good condition with a severe bite to his arm and the back of his head.

The incident occurred about 7:30 in the back yard of 504 W. Hillcrest Ave.

Police Tasered one dog to subdue it, Bardun said. Animal Control was called and took the two dogs.

Five similar-sized dogs were left in a kennel in the back yard, he said.

The boy's father, trying to get home after learning of the accident, became involved in a serious motorcycle accident and was in surgery at Grant Medical Center in Columbus on Thursday,
