A report has come out stating that a three-year-old girl is currently in recovery after being bitten by a police dog who was chasing down a criminal.

The poor girl simply got in the way and immediately needed medical attention. She has bite marks around her waste from the police dog which occurs yesterday. The girl was walking with her grandmother when they saw police.

The police has a dog with them who were all in pursuit of a criminal. The grandmother stated that the dog ran by them and "went for my baby as I'm still holding on to her hand."

Police struggled to get the dog off of the girl while the grandmother, Deisa Daufa, fought to keep the dog away from Anni-Rose's face. The police felt bad and immediately apologized for what happened.

The grandmother stated that "I am not angry. I don't want to make a big fuss out of this. It's not too bad. She's ok."
