Two children are recovering after a dog attack. The Escambia County Sheriff's Office says the children were attacked after getting off the school bus near the intersection of V. Street and Cross Street Tuesday afternoon. The children's father, Jermaine Lang, says his five year old daughter was attacked first. She was bitten on the leg. Deputies say her 9 year old brother tried to pull the dog off her and was bitten on his hand and arm. The children were taken to the hospital. Their conditions haven't been released. Animal Control is looking for the dog. The breed isn't known, but the dog has shaggy brown and black fur.
