Local Briefs

Police seek yellow Lab that attacked person

January 4, 2007

The Hampton Health Department is looking for a Labrador retriever dog that bit someone in the area of Big Bethel Road and Candlewood Drive, officials said Wednesday.

The dog is a male yellow Lab, officials said.

Anyone with information about a dog fitting this description in that area should call the Hampton Health Department at 727-2570. Calls also can be made to Hampton Animal Control at 850-5137. If the dog is not found, the victim may have to undergo anti-rabies treatment, health department officials said.
