Midland dog bite leads to arrests

Written by Mariane McLeod

Police in Midland are dealing with a strange case at a home in Tiny Township.

The call came in Saturday afternoon about a woman who had been bitten by a dog while walking along a trail.

A dog had lept from under a motor home parked near the trail and attacked the woman.

Paramedics treated her at the scene.

A woman in the motor home was arrested when she was discovered to have a handgun in her purse.

Another gun, was found in the trailer.

It turned out to have been stolen from a home in Bracebridge nearly 2 years ago.

A further search of the motor home found just over a pound of what police believe to be cocaine worth about 44-thousand dollars on the street.

A 30 year old man and 21 year old woman are facing weapons charges.

Police say more charges are pending regarding the drug seizure.
