A 3-year old boy was taken to VCU Medical Center Friday afternoon after he was attacked by the family dog.

Henrico County police Lt. Bryan Cook said the boy

apparently was trying to take a bone away from the lab/border collie mix in the 4200 block of Gladewater Road near Hungary Road in western Henrico.

The boy sustained serious but non-life-threatening injuries to the head.

The boy, his family and dog were staying in the home because a fire destroyed their home earlier this year. According to Cook, neighbors had said the dog appeared friendly.

The dog will be quarantined for 10 days.
