OLIVE BRANCH - An Olive Branch woman was reportedly recovering at home on Monday after being attacked by a neighbor's dogs.

The 57-year-old, who has not been identified, was treated and released from Baptist Memorial Hospital - DeSoto after suffering what a police report identified as "major" wounds to her left calf.

The wounds resulted from an incident in the 9900 block of Stage Run Drive, off Alexander Road south of the state line, on Friday afternoon.

The woman told police that she saw two Boxers had escaped from their fenced yard nearby - in the 8900 block of Savannah Ridge Drive - and that when she called the dogs to her they "instantly" attacked.

Animal control officials later seized the dogs, which could be euthanized in accordance with law.

The dogs' owner was cited for violating a city ordinance requiring residents to keep their pets secured.
