Sioux Falls police are looking for a dog that bit a man because they have to check on the dog's vaccinations.

The man was walking Wednesday near McKennan Park and moved to the edge of the sidewalk as a woman with two dogs approached. One dog, a white Husky mix, bit the man in the thigh. Police said the woman was a 5-foot-6 Native American age 30 to 45.

They ask anyone with information on the dog to call 367-7000.
