## Dog attack teenager recalls 'agony'

(UKPA) – 5 days ago

A teenager has recalled the "agonising" pain he suffered as he was mauled by a dog that almost tore off his arm.

Nicky Henderson, from Gracemount in Edinburgh, was savaged by his friend's American bulldog on Thursday.

The 13-year-old is now recovering in hospital following the ordeal, which only ended when neighbours intervened and prised the animal's jaws apart with broomsticks.
